Job Description

Precision Group have been providing professional, managed services and innovative solutions to customers across the UK & Ireland for almost 40 years. We offer a diverse range of services including Facility Support, Building Services, Engineering and Industrial Support together with Environmental Solutions & Waste Management.

Due to continued growth of our Asbestos Division throughout NI, we are now recruiting Asbestos Operatives to join our successful team. Our Asbestos Division provides a complete range of asbestos services from initial survey to removal and reinstatement across all industry sectors.

Role and Responsibilities

You will be involved in removals across commercial public and private sectors in the various locations throughout Ireland.

- Set up and maintain asbestos work enclosures.
- Use, store and maintain respiratory and personal protective equipment correctly.
- Position site equipment, signage, waste routes and transit routes appropriately.
- Appropriately handle, package and store asbestos waste.
- Decontaminate plant and premises.
- Conform to health, safety and welfare in the workplace requirements.

Please note: in line with strict safety regulations, there will be a requirement to wear full body PPE including full face fit masks.

Qualifications and Education Requirements

- Previous experience in the construction industry
- Background in construction industry and basic knowledge / training in health & safety practices.
- Must be willing to learn and have a good work ethic.

In return, you will be offered a competitive salary, 28 days annual leave, training and development and overtime.

Asbestos certs and experience will be advantageous, however we can offer training for the right individual.
